

CONSTRUCTION MANAGER

Peekskill Central Fire House

Peekskill, NY

- **CLIENT:** City of Peekskill, Jim Pinto, Economic Development Director : 914-734-4215
- **ARCHITECT:** Mitchell Associates
- **Total Project Capital Cost:** \$10 Million

Selected as Construction Manager by the City of Peekskill on their \$10 million, 30,000 SF new Central Fire Station. This 2 story facility will include a total of 8 bays to accommodate fire –fighting apparatus, offices, training space, kitchen facilities and meeting space for both the department and the public. The 2nd floor will provide living accommodations , fitness , and recreational areas. The Central Fire Station will be an “essential facility” under NYS Building Code. “Essential Facilities” are intended to remain operational in the event of extreme weather, flood, wind, snow or earthquakes.
