

ARCHITECT: Peter Gisolfi Associates

Bronxville Village Hall Bronxville, New York

Calgi served as Construction Manager on a 5 million dollar renovation and expansion of the existing two-story Village Hall in Bronxville, NY (the first major alterations since it was built in 1942.) Calgi provided Pre-construction and Construction Phase Management services in upgrading the 18,500 square foot structure. Highlights of the project, which focused on architectural style, functionality and code compliance, include an additional 5,000 square feet of space, an enlarged, updated Police Department, handicapped access, a new slate roof, new lighting, elevator access and new heating and air conditioning equipment with a 20 well geothermal loop system for energy conservation.

SERVICES: Construction Management
