Village of Rye Brook King Street Firehouse

As Construction Manager for the Village of Rye Brook, Calgi was entrusted by the Village to manage and oversee the Construction of the Village's first Firehouse. Additionally, from Pre-Construction through Construction, Calgi was given total responsibility for the Integration of Architectural & Engineering Design with available financial resources.

The \$2.5 million, 11,650 SF facility incorporated apparatus bays, dormitories, meeting & training rooms, decontamination and EMS rooms, administrative offices, kitchen areas and lounges. Additionally, the facility is equipped with a three-stop elevator, handicap accessible toilet rooms, SCBA & EMS Rooms and accommodations for female fire fighters.
